Which Has Set the Whole Town Talking

Well, it went just about as we thought it would in a community of sensible people.

From last week's crowds little more need be said about the way we are forcing out the goods.

Our big stock is melting away like a snowbank in the warm sunshine. However, there are wonderfully good bargains left, so good in fact that it will pay you to buy for future needs if you have no use for the goods just at present.

At the rate things are going now, our temporary removal will be made such an easy matter that we shall feel in a large measure repaid for the large sacrifice we have made on the price of our stock of merchandise.

Think of getting bargain prices and having choice of new and full
